A QUARTERLY
SUMMARY ON IGR
SUBMITTALS AND
DEVELOPMENT
ACTIVITY IN THE
SCAG REGION

FOR THE 2ND
QUARTER OF 2004,
SCAG'S IGR SECTION
RECEIVED, LOGGED
AND REVIEWED OVER
200 DOCUMENTS FOR
A VARIETY OF
PROJECTS, PROGRAMS
AND PLANS WITHIN THE
SIX COUNTY SCAG
REGION.

ON AVERAGE, SCAG'S
IGR SECTION
RECEIVES OVER 650
DOCUMENTS EACH
YEAR.

ASSOCIATION OF
GOVERNMENTS**IGR BULLETIN - 2004****2ND QUARTER — 2004: IGR ACTIVITY SUMMARY**

For the 2nd Quarter of 2004, SCAG's Intergovernmental Review (IGR) Section received, logged and reviewed 217 documents for a variety of projects, programs and plans within the six County SCAG region. This is a small decrease in the number of documents received for the same month last year. In addition, there is a decrease in the number of regionally significant projects.

On average, SCAG's IGR Section receives over 650 documents each year. The graph on the left illustrates the number of total documents received and the number of regionally significant projects. The following is a summary of development activity for the 2nd Quarter of 2004.

- More than half of the documentation received for this month was from Los Angeles, Orange and Riverside Counties. The documentation was for projects related to public facilities and residential projects.

Of the total documentation received, information also included 43 development projects related to commercial, industrial mixed-use, office and residential activity. Of that total, nine projects are of regional significance. The table below shows each development type with its potential square footage and number of dwelling units. A map on page 6 shows the general location of each development type.

DEVELOPMENT TYPES	REG. SIGNIFICANT PROJECTS	NON. SIGNIFICANT PROJECTS	TOTAL SF / DU
COMMERCIAL	0 SF	374,763 SF	374,762 SF
INDUSTRIAL	5,900,000 SF	0 SF	5,900,000 SF
MIXED-USE	86,151 SF	165,000 SF	251,151 SF
OFFICE	1,762 DU	400 DU	2,162 DU
RESIDENTIAL	1,487,000 SF	0 SF	1,487,000 SF
	8,701 DU	1,655 DU	10,356 DU

- COMMERCIAL:** Staff received documentation on two commercial projects. These projects represent a development potential of 374,760 square feet of commercial floor space. No commercial projects of regional significance were received. The majority of the proposed new commercial floor space will be developed in Los Angeles County.
- INDUSTRIAL:** Staff received documentation on one industrial project. This regionally significant project represents a development potential of 5,900,000 square feet of industrial floor area. **The Majestic Freeway Business Center** considers a Specific Plan to construct approximately 5.9 million square feet of light industrial buildings, ranging from 25,000 – 1.2 million square feet, for manufacturing, distribution and warehouse uses. The proposed 325-acre Project area is irregularly shaped consisting of contiguous and non-contiguous vacant parcels located in the unincorporated community of Mead Valley in Riverside County, near the Cities of Perris and Moreno Valley.
- MIXED-USE:** Staff received documentation on three mixed-use projects. These projects represent a development potential of 2,162 residential units along with 251,151 square feet of commercial/retail space. Two mixed-use projects of regional significance were received. (Continued on page 2)

2ND QUARTER – 2004: IGR ACTIVITY SUMMARY, CONT.

- **MIXED-USE (CONT.):** **The Del Amo Fashion Center South Mall and Residential Development Project** considers the construction and renovation within an existing regional mall by providing new retail and mixed-use development through the proposed construction of residential units on a portion of the mall property. The proposed Project would generate a net increase of approximately 71,150 square feet of commercial/retail floor area, along with the construction of 917 multi-family residential units. The 16-acres project site is located in the City of Torrance. **The MacArthur Place South Development Project** considers the demolition of existing structures and parking facilities and the relinquishing of approved entitlements for a proposed hotel to allow for the development of a series of residential towers totaling 845 residential units along with approximately 15,000 square feet of commercial space. The proposed Project is located at Main Street and MacArthur Boulevard in the City of Santa Ana.
- **OFFICE:** Staff received documentation on two regionally significant office projects. These projects represent a development potential of 1,487,000 square feet of floor area. **The Symantec Office Development** considers the development of a four story building totaling 550,000 square feet of research and development office space. The proposed Project is located at 800-900 Corporate Pointe in the City of Culver City. **The New Federal Building @ Wilshire** considers a new facility for the Federal Bureau of Investigation (FBI). To meet these needs a new office building will be constructed and provide approximately 937,000 square feet of floor area. The proposed Project will be located at 11000 Wilshire Boulevard in the City of Los Angeles.
- **RESIDENTIAL:** Staff received documentation on thirty-five residential projects. These projects represent a development potential of 10,356 residential units. Five residential projects of regional significance were received. The majority of the proposed new residential units will be developed in Riverside County. **The River Village Project** considers the development of 1,444 residential units along with up to 1.5 million square feet of non-residential mixed-use space. The project will also include an elementary school and recreational facilities. The approximately 291-acre project area is located Chiquita Canyon Road and Commerce Center Drive, Los Angeles County. **The Menifee Valley Town Center - No. 334** considers a Specific Plan and Zone Change for the development of 662 residential units along with open space and the reservation of land for a 12-acre public school site. The 160-acre project area is located north of Scott Road, south of Garboni Road, and west of Halebian Road Bradley Road in the Menifee/Sun City Area Plan of unincorporated Riverside County. **The Fagan Canyon Project** considers a Specific Plan for the development of 2,500 dwelling units on approximately 2,176-acres, along with a village core, two elementary schools, community and neighborhood parks, and open space. The project site is located immediately northwest of the City of Santa Paula, in the central portion of unincorporated Ventura County. **The StoneRidge Specific Plan** considers the development of up to 2,140 single family residences in a community consisting of ten planning areas with a series of gated, neighborhoods, public and private streets and open space. The 604-acre project site is located in the Coachella Valley region of Riverside County, and lies within the corporate limits of the City of Desert Hot Springs. **The Empire North Fontana Project** considers a General Plan Amendment for the development of 234 single family detached homes along with 320 multi-family dwelling units, for a total of 554 residential units. In addition, the proposed Project would also include 120,000 square feet of commercial floor area. The proposed 97-acres project site is located at the northern end of the City of Fontana, one block south of the Interstate 15 Freeway.

IGR WEB PAGE

The IGR Section now has a web page. The IGR web page includes staff prepared publications describing items and projects received by the IGR Section, and other web sites that may be useful to persons seeking information about how to comply with CEQA and the CEQA Guidelines. For more information, please visit SCAG's IGR web page at www.scag.ca.gov/igr/.

INTERGOVERNMENTAL REVIEW

SCAG's Intergovernmental Review (IGR) Section is part of the Environmental Division, within Department of Planning and Policy. The IGR Section is responsible for performing consistency review of regionally significant local plans, projects and programs with regional plans as outlined in SCAG's *Intergovernmental Review Procedures Handbook*. Projects are reviewed for consistency with the Regional Comprehensive Plan and Guide (RCPG) and the Regional Transportation Plan (RTP). A determination is made of the appropriate RCPG and RTP core and ancillary policies that apply to the specific project being reviewed. Project documents are reviewed and an assessment is made on whether the project is consistent with or supports those specific policies.

WWW.SCAG.CA.GOV**IGR YEAR 2003 ACTIVITY SUMMARY**

The Intergovernmental Review Year 2003 Activity Report is currently being prepared. The Report is a summary on project activity and development potential in the region based on documentation received by the SCAG's Intergovernmental Review Section. An Executive Summary of the Report will be completed in Spring 2004. The following are some of the highlights of activity for the Year 2003.

Documentation was received on a total of 162 projects related to proposed commercial, industrial, mixed-use, office and residential development activity. The development activity is summarized as follows:

- **COMMERCIAL:** There is a development potential of approximately **5.2 million square feet of commercial space**. The majority of the proposed new commercial development will occur in Los Angeles County.
- **INDUSTRIAL:** Approximately **22.2 million square feet of industrial space** is proposed for development. The majority of the new industrial development will occur in San Bernardino County.
- **MIXED-USED:** There is a development potential of approximately **5,900 residential units** along with approximately **7.7 million square feet of a mix of commercial, industrial and office space**. The majority of the new mixed-use development will occur in Los Angeles County.
- **OFFICE:** Approximately **640,000 square feet of office space** is proposed for development. The majority of new office development will occur in Los Angeles County.
- **RESIDENTIAL:** There is a development potential of approximately **40,400 residential units**. The majority of the new residential units will be developed in Orange County.
